

Current Collection

# Collection One

## Grace Changes Everything

For this collection we began with Grace. Grace should be so foundational in your life that once you understand grace, it literally changes everything else. The way you view yourself, the world, others.

Grace allows you to try new things and allow others the same privilege. Grace becomes a lens through which you view all things. Use Collection 1 to give your daughter the gift of GRACE.

### Grace Gives

### Grace Frees

### Grace Transforms
